208 GTi 30th Anniversary Campaign  
4pp Brochure  
Layout, artwork, retouching

**THE NEW PEUGEOT 208 GTi 30<sup>TH</sup> ANNIVERSARY LIMITED EDITION**  
3-DOOR ONLY, FROM £21,995 OTR\*

To celebrate 30 years since it was originally created, we've reinterpreted the GTi legend in a more radical version of the 208 GTi. Once you've caught a glimpse of its stunning two-tone exterior, proudly displaying its 208 GTi 30<sup>th</sup> badge, indifference is no longer an option. It develops a radical sports character with unique Peugeot Sport branding, bucket seats, a lowered centre of gravity and 18" alloy wheels. Inside the theme continues with stylish red detailing throughout, a striking red LED instrument panel, and satellite navigation included as standard. Its exhilarating new 1.6 THP 208 Stop & Start engine has a Torson limited differential and is capable of accelerating from 0-62 mph in 6.5 seconds with CO<sub>2</sub> emissions from only 125g/km. Resulting in a thrilling performance that's also responsible. #GTiLegend

**THE PEUGEOT 208 GTi**  
3-DOOR ONLY, FROM £19,100 OTR\*

The worthy successor to the hot hatch that was the 205 GTi. The Peugeot 208 GTi carries within it years of class-leading expertise, innovation and a passion for motorsports. Feast your eyes on its dynamic contours, glistening chrome highlights and signature rear spoiler, sitting a full 8mm lower than the standard 208. The interior boasts a range of state-of-the-art technology such as the 7" colour touchscreen and multi-feature ESP braking system. Its new turbocharged 1.6 THP petrol engine will do 0-62 mph in 6.8 seconds with effective and dynamic road holding that's nothing short of superb. The 208 GTi's exciting driving experience epitomises the daring character and ambition of its predecessor. Yet surprisingly, its CO<sub>2</sub> starts from just 139g/km. The passion and the legend are well and truly back.

**THE PEUGEOT 208 STYLE**  
3 & 5-DOOR, FROM £13,645 OTR\*

The perfect balance of agility and beauty. The Peugeot 208 Style really lives up to its name with a chic exterior featuring chrome door mirrors, LED daytime running lights, 15" alloy wheels and elegant Style badging. But the beauty doesn't end there. There's also an eye-catching panoramic glass roof filling the car with natural light, which switches to gorgeous ambient lighting after dark. The Style's bursting with in-car technology too, with satellite navigation, rear parking aid and a multifunction 7" colour touchscreen that puts the car's controls at your fingertips. Under the bonnet it's just as beautiful, with a choice of three highly efficient engines, including the 1.2 PureTech engine, which give you excellent fuel economy, CO<sub>2</sub> from only 95g/km, but maximum pleasure behind the wheel.

**THE PEUGEOT 208 ROLAND GARROS**  
5-DOOR ONLY, FROM £16,795 OTR\*

Named after the French Open tennis tournament, the 208 Roland Garros characterises soul, sportsmanship and passion. It gets its sporty edge from its orange contrast detailing, exclusive leather trim and embossed Roland Garros logo. It's topped off with electric door mirrors, 16" alloy wheels and is available in two stunning colours: Satin White or Nero Black. Inside it serves a variety of technology to make life easier including a multifunction 7" colour touchscreen, satellite navigation and Park Assist. There's also a beautiful panoramic glass roof that'll leave every passenger as immersed in the journey as the driver. Whether you opt for the petrol or diesel version, it's a sensational drive that's fuel-efficient and with CO<sub>2</sub> emissions from 95g/km it performs like a champion. Game. Set. And match.

## MORE OPTIONS, MORE POSSIBILITIES

Dear <Name>

Citroën DS3 and DS3 Cabrio were always created to look forward, to challenge convention, embrace change and give people the chance to create a car that's as individual as they are.

Now there's even more choice with the addition of a new DSire trim level featuring sports seats, rear parking sensors and automatic air conditioning. There's also the DSire Plus which adds the new Xenon Full LED headlight signatures and Active City Brake feature. Both DSire and DSire Plus are available with a THP 155 petrol or new BlueHDi 120 diesel engines.

Also launched is a new special edition DSive Techno, which is available with the THP 155 engine and features special interior trim, 17" grey alloy wheels and a specially attached dashboard.

Ranging from the DSign to the ultra-refined Ultra Prestige, it's clear to see that there's a DS3 for everyone.

See how DS3 has been upgraded further.

## DS3 GETS EVEN MORE ADVANCED

Dear <Name>

Innovation has always been at the heart of Citroën DS3 and DS3 Cabrio, and as technology has developed so has DS3.

As well as a whole host of new equipment and updated features, DS3 now has an Active City Brake feature available on most models that helps avoid low-speed collisions by automatically applying the brakes if the gap in front is reducing too quickly. With our MyPlay satellite navigation system you can now also specify a reversing camera to help you get into those tight-fitting spaces.

Also the new BlueHDi 120 diesel engine emits just 145g/km of CO<sub>2</sub> and achieves over 78mpg on the combined cycle\*.

See how the DS3 has become even more creative.
